Winter Fire Safety Tips for Your Home

As temperatures drop, keeping our homes warm and cozy becomes a top priority. However, heating equipment and winter habits can significantly increase the risk of home fires. Follow these essential winter fire safety tips to keep your household safe from terrifying hazards all season long:

- Install & Test Alarms (carbon monoxide and fire alarms)
- Plug space heaters directly into outlets
- Keep chimneys & vents clean
- Avoid candles for emergency lighting
- Use fireplaces safely
